## Calvary Students - High School Ministry

At Calvary, we believe that the best way to become more like Jesus is to get connected in a Community Group. We offer Community Groups for our High School students on Sunday mornings as a way for them to build healthy relationships with each other and for them to dig deeper into the Word of God. We have amazing leaders that desire to help students grow in their faith and build friendships that last.

## MOBILIZE

### Mobilize a teenager's potential. It develops a vision for their future.

Offer your students something significant to do.

Students want to feel significant and do something significant. This isn't just a church thing, either. The teenagers that end up quitting the football team are the ones that sit on the bench, not the ones that start each game. The students that drop out of the school play are the ones dressed up like scenery, not the ones with actual parts to play.<sup>1</sup>

### Don't Miss Your Role

"No one has the potential to influence your son or daughter like you. Yep. That's a lot of pressure. And it can be confusing. You are a mix of teacher, coach, counselor, and friend. So here's a one-sentence job description to keep you focused. . . . MOBILIZE their potential. Guide your teenager's values and passions as they launch into the new realities of an adult world."<sup>2</sup>
